Introduction

Our group was established in 2022 in response to requests from the local mosque congregation, with the aim of bringing children and young people closer to Islamic knowledge and values. Since its establishment, the group has provided a welcoming and supportive environment for children aged 8 to 14 to learn about their faith and strengthen their understanding of Islam.

Over the years, we have organised a variety of educational and community activities to support the religious, personal, and social development of our students. The group continues to play an important role in meeting the educational and spiritual needs of the local community.
