Introduction

Our Madrasah was opened in 2016 with the aim of providing Islamic knowledge through lessons and religious activities.

Over the years, we have created a warm and supportive environment where students can learn about their faith and grow as individuals. It is not only a place of learning, but also a community where Islamic values are practiced in daily life, helping students build strong relationships with their peers, families, and the wider community.

The age range of students participating this year in our class has been 12 to 14 years old.

We would also like to express our sincere thanks to Rahma Mercy for their valuable support. Their donors and team have played an important role through their continuous help, dedication, and encouragement in this important work.
